

## **The New Noah's Ark Biblical Story**

### How The Trouble Started:

God put disrespectful Adam and Eve out of His Garden of Eden.

God let the human race grow. The sons of God (angels) and the daughters of men (human women) married each other against God's will.

Their mixing of angel DNA and human DNA created monster children (part angel - part human) called giants. The giants were wicked. They attacked and destroyed people, plants and animals. The Lord was heartbroken and angry that humans would not follow instructions. The people crossed the line with non-human creatures.

### A Man With Guts And Good Sense:

A faithful man, Noah, boldly made the evil people and angels backup off him.

Noah received God's mercy and friendship.

Noah's faithful wife, three sons and daughters-in-law escaped God's wrath.

Noah followed the Lord's instructions to build a ship - The Ark. Noah's family obeyed God's orders about the animals to be boarded, stored, cared and fed.

### God's Counter Move Against The Wicked:

First, God chained the outlaw angels for judgment day (2 Peter 2:4).

Next, God sent scary blasting winds and dark heavy rains upon the earth.

Waters fell from heaven. Waters burst up from the earth for 40 days and nights.

Remember, eight people, not nine, escaped God's terror. Life on planet Earth - wiped out.

The raging, furious waters covered the highest mountains. Noah's Ark floated, bobbed and weaved above the mountains. He was scared. He did not panic. Noah was safe.

Around the 271st day things calmed down. Noah stayed in the Ark about 375 days - one year. Everyone ate well. The animals and the eight people were not hurt. Noah sent a dove to find dry land.

### A New Start:

God created the rainbow to remember His promise to Noah: When God destroys the earth again it will not be by flood (2 Peter 3:10). God is not telling anyone when He will make the new heaven and earth - not even to Jesus or His good angels. Noah, his family, and the animals went forth and multiplied in the earth.

### Become A Man Like Noah:

Noah went through hard times. He did not blame God, the wicked angels, people or giants. That is too much pressure to stomach. Noah listened to and focused on God. We are here today because Noah believed and respected God.

The End. Genesis 6 - 9; 2 Peter 2:4; 2 Peter 3:10
